## Mercer Science and Engineering Fair Grand Prize Winners Receive Awards at the 2023 Regeneron International Science and Engineering Fair

May 20, 2023

We want to invite all students in the Mercer County, NJ area in grades 7-12 to participate in the 2024 Mercer Science and Engineering Fair (MSEF) that will be held in March 2024.

This year we are proud to announce the awards received by our two 2023 MSEF Grand Prize winners: Naveen Enock and Nicholas Hagedorn.

Naveen, who attends West Windsor-Plainsboro High School South, received the Central Intelligence Agency's First Award for \$1000. His project was on an *Autonomous Soccer Robot*.

Nicholas Hagedorn, who attends Princeton High School, received a number of awards including 2<sup>nd</sup> Place in Mathematics, the First Award from the American Mathematical Society and also from Mu Alpha Theta. He will also be attending the 2024 Taiwan International Science Fair. His project was about *Strict Inequalities for the N-crossing Number*.

The Mercer Science & Engineering Fair has been held for over 70 years. The mission of the club is to promote STEM education to school aged children in Mercer County, NJ. Stimulating science, engineering and technology among students helps build lifelong learners. The fair is affiliated with the Society for Science and Public which runs the Regeneron International Science & Engineering Fair (ISEF). Winners from the Mercer Fair receive an all-expense paid trip to ISEF fair each year.

We hope to see you at the 2024 Mercer Science and Engineering Fair. You can sign up for the fair this fall on our website. You can start your project now. If you begin your experimentation this summer then use the 2023 ISEF forms that are available now.
